REASONS FOR ALLOWANCE

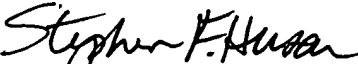

1. The following is an examiner's statement of reasons for allowance: The prior art when taken separately or combined fails to teach and/or show a light assembly having a light and pertaining reflector in a housing with a covering pane covering the housing and a semi-reflecting mirror screen having a uniformly semi-reflecting surface arranged between the covering pane and light unit. Liedtke et al. shows a similar arrangement but discloses on lines 45-50, col.3; that the reflecting coating is interrupted for forming the light permeable regions and therefore does not constitute a uniform semi-reflecting surface.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
